

Hi, I'm Paul Mulville

I'm running for re-election because I'm deeply committed to serving the people of our area, providing sustainable development and preserving the natural beauty of the North County.

As your local Councillor, I've always worked to represent our community's best interests. Since being elected to represent you in 2019, with the Social Democrats, I've witnessed the power of teamwork with our Leader Holly Cairns TD to enact the real change we need.

I'm asking for your support again to stand up against the privatisation of our public services and spaces, to fight for a right to housing, and to demand improvements in transportation and disability and healthcare access. Let's create a Fingal for all with Social Democracy.

Published by Social Democrats, Leinster House, Dublin 2 and printed by Grehan Printers, Brunswick Place Dublin 2.

Printed on FSC certified paper produced from sustainable sources.

I am asking for your number 1 Vote

The Local Elections will take place on **Friday, June 7th.**

If elected, I pledge to:

- Ensure the Council executive upholds a **ban on bulk buying of homes** by vulture investment funds
- **Preserve natural habitats** and high amenity/greenbelt land by ruling out further large-scale rezonings
- Demand that large scale residential developments are conditioned with phasing that **leads with creche/childcare provision**
- Advocate for a **Directly Elected Executive Mayor** for the Dublin region
- Establish a **transparent and progressive ruling group** within the Council
- Be the first ruling group in the Council's history to **publish their Governing Agreement**

**Social
Democrats**

Vote 1

**Cllr. Paul
MULVILLE**

*Your Local Election Candidate
for the Rush / Lusk Ward*

Building communities, not just housing units

Our population is surging, yet our public facilities are far from keeping pace.

Our new neighbours are moving into incomplete estates, lacking necessary amenities, while overseas investment funds are driving up prices, excluding our children and friends from the community.

Ultimately this is a national issue, driven by the developer-led policies of Fine Gael and Fianna Fáil.

However, as your local Councillor, I'm taking every action I can and have:

- Introduced Council motion to ban bulk home buying by vulture and cuckoo funds
- Secured funding for additional planning enforcement inspectors to hold developers accountable
- Opposed sell-off public lands, demanding actual affordable housing at scale, unlike FF/FG/Labour and Green Councillors

Acting local, thinking global

Solidarity matters, at council level I have:

- Passed my motion to fly Palestine flag on county buildings, supported Boycott, Divest and Sanction motions
- Working locally with newly formed Le Chéile group to combat racism
- Supported Ukraine solidarity motions

A better transportation system

The transportation situation across North County Dublin is already stretched to its limits and will only worsen with our growing population as national promises for the Dart and Metrolink have fallen short.

Locally, I have:

- Advocated to protect and expand vital direct bus services such as the 33X and local links
- Lobbied for safe segregated bike lanes to and from Rush & Lusk station, and Rogerstown Park
- Raised need for expansion of subsidised rental bikes schemes, pedal and E-bike

Protecting our natural environment

The climate crisis is the issue of our time.

As a member of the Council's Climate Action strategic policy committee, I have:

- Supported residents pushing back on Airport noise pollution
- Introduced motions to regulate Data Centre electricity use in the county
- Held Minister Darragh O'Brien accountable for urgent coastal erosion policy
- Supporting the Fossil Fuel Non-proliferation treaty and signed the local election Climate Pledge for a greener future

The need for early childhood facilities

The need for education and childcare has already outpaced demand across the North County. **As your local Councillor, I have:**

- Pushed for the delivery of promised creche buildings, and resisted efforts by some developers to remove these commitments
- Promoted the need for more multi-denominational and Gaelscoil school places
- Introduced motions demanding local public swimming pool facilities and recreational spaces for kids and teenagers

Why local government doesn't work for us

After elections, ruling groups of Councillors decide a policy agenda and divvy up Mayors & Chairs in secrecy. Over 30 years, these have been a mix of FG/ Labour/ FF, & sometimes Greens or Indos, never revealing their Governing Agreement for public scrutiny. If re-elected, I'll push for a transparent and progressive ruling group that puts people first.

Can you vote for me?

Yes, if you are resident in Ireland, aged 18 or over on polling day in June, are registered to vote (visit **checktheregister.ie** before 20th of May) and live in the **Rush - Lusk Local Election Area**.

Anyone who is resident in Ireland can vote in the local elections. You do not need to be an Irish or EU Citizen.
